Date: April 27, 2011

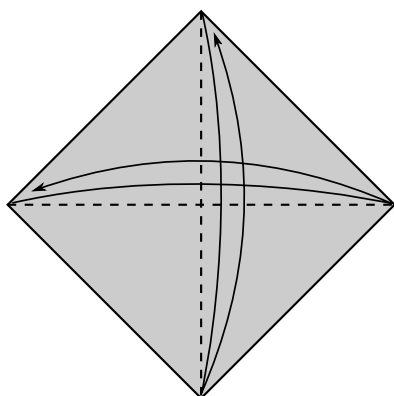

Difficulty Level: 2/5

Time to fold it: 10-12 minutes

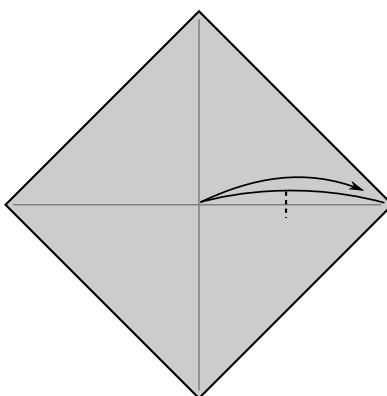

Video: http://youtu.be/hdOk_pdN4qM

Suggested size: 15cm x 15cm

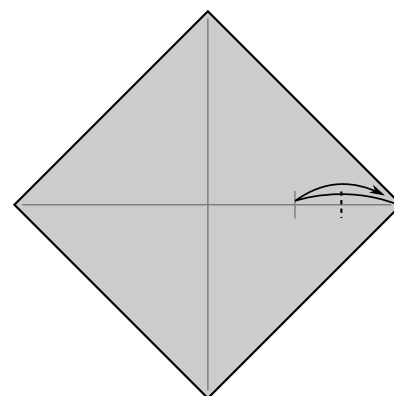

- ☒ Standard paper
- ☐ Tissue foil
- ☐ Wet folding

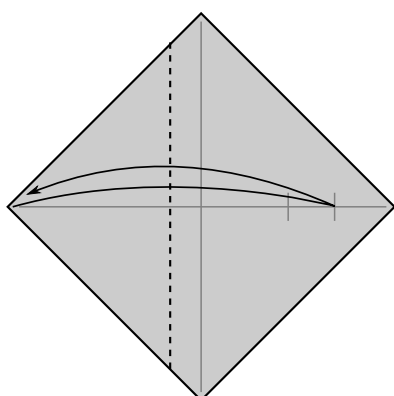

1. Crease along the diagonals

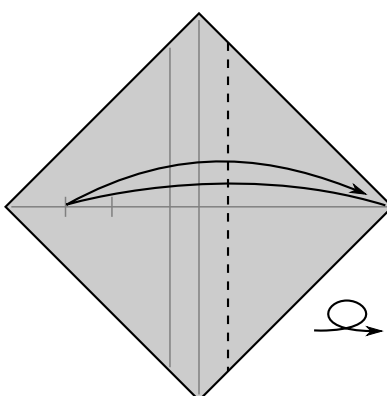

2. Bring the right corner to the center and make a pinch

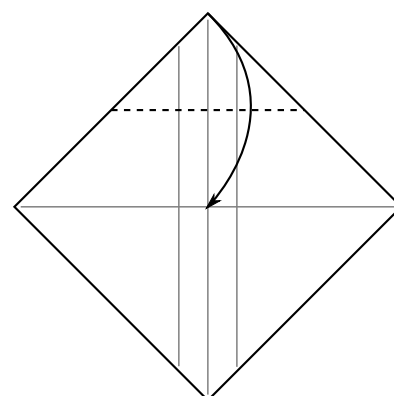

3. Bring the right corner to the pinch mark you just made and make another pinch

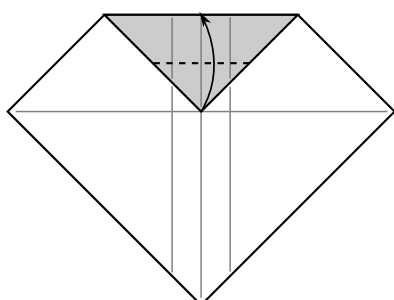

4. Fold the left corner to the pinch mark you just made. Unfold

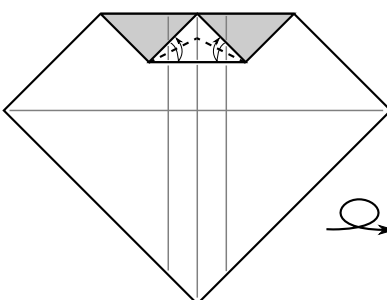

5. Repeat on the other side. Turn over

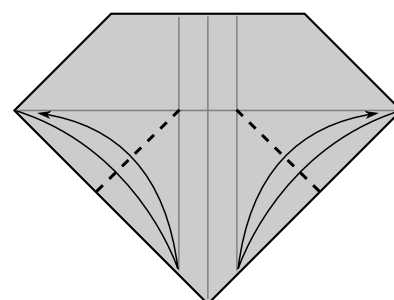

6. Fold the top corner down to the center

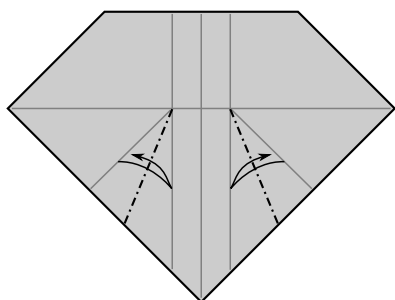

7. Fold the corner up to the top

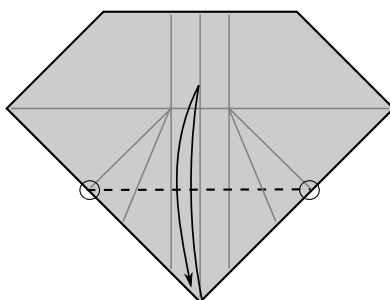

8. Crease at angle bisectors. Turn over

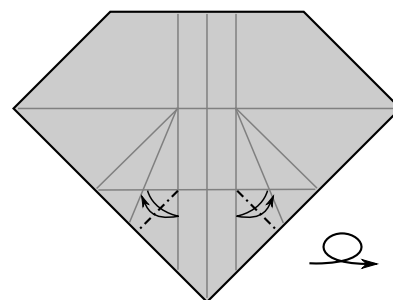

9. Valley fold at angle bisectors and unfold

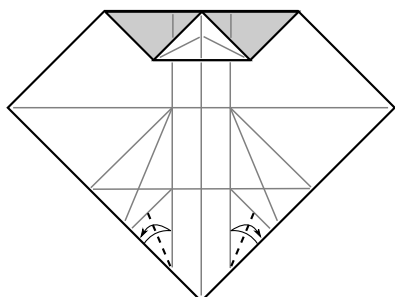

10. Mountain fold at angle bisectors and unfold

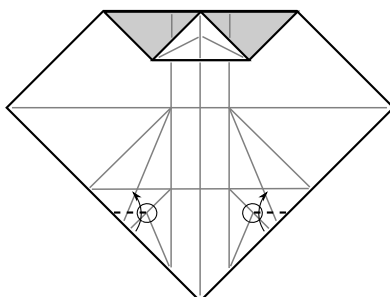

11. Fold the corner up and unfold

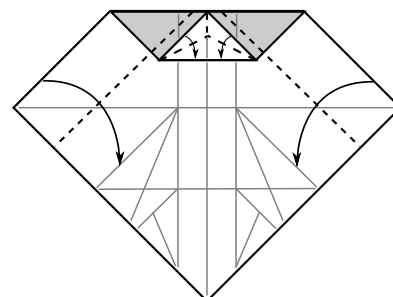

12. Mountain fold at angle bisectors and unfold. Turn over

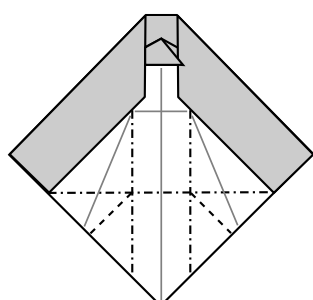

13. Valley fold at angle bisectors and unfold

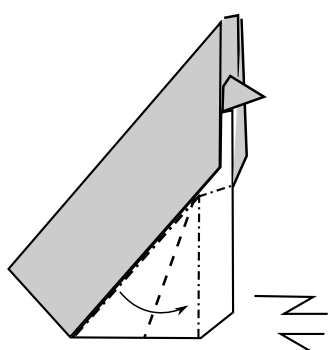

14. Crease horizontally (note the reference points)

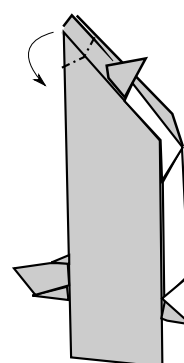

15. Fold the right and left edges to the existing creases. Form the beak on the triangular flap

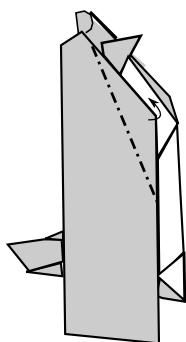

16. Collapse the model using existing creases. The bottom will be like a box

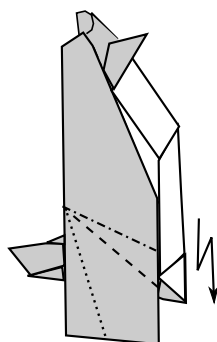

17. Enlarged view. Crimp the body. There is a squash fold internally to make it possible. Use the existing creases

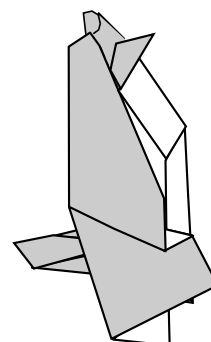

18. Fold the top of the head behind. There are no reference points

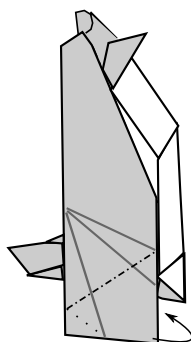

19. Mountain fold this corner. Repeat behind. There are no reference points

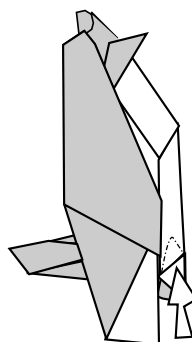

20. Swivel fold. Repeat behind. There are no reference points

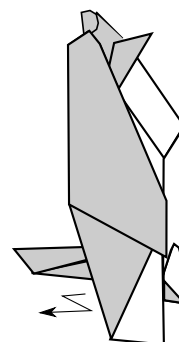

21. Unfold to step 19

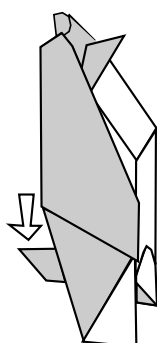

22. Mountain fold the excess of paper and remake step 20. Repeat behind

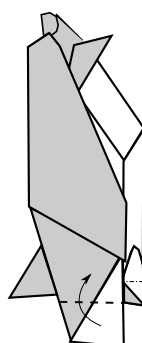

23. Push the bottom and shape it

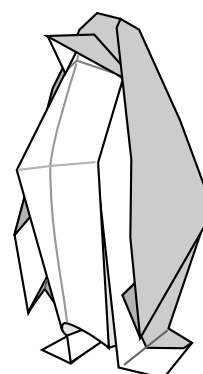

24. Pleat the tail

25. Adjust the tail to point downwards

26 Fold the feet

Finished Penguin!
